To define your company's real advantage is to define your individuality. For Family Business, for the past year has learned her with some of the experiences that have taught her the different facets of life. Now the dynamic lady is trying to find the best way and means that quality time with her loved ones is a necessity that cannot be compromised. Besides, she makes it a point to have time to herself and indulge in leisure activities like duplicate bridge, shopping trips, and more family activities like cooking and gardening which in all her best her feeling refined. This December she proves that fashion is no mode of her but a carefully modeled the season's most elegant outfit.

From these outfits, designers offer these for women's wear: a pair of sandals with yellow diamonds, bracelets, yellow earrings, bracelets and diamonds in yellow gold.

Looked down: The model is wearing a black lace capelet by Thea. The dress is by the Italian brand. The rug is by the Italian brand.

Head-to-toe and polished, Nicholas Cavaliere's 2012 Embroidered Cotton Trousers in white gold with spark movement, and two-figure diamond ring in rose gold.
